Referrals to hospital

Mobile unit is deployed to local 'hot spots' of at-risk and/or under served populations

Coordinación UMC y organizaciones

Mobile unit is deployed to local 'hot spots' of at-risk and/or under served populations

Rapid HCV screening tests are offered to all clients

All positive tests are confirmed with PCR using Xpert® HCV Viral Load Fingerstick assay in the mobile unit

A dried blood spot sample is collected for future analyses

All patients with positive HCV PCR tests are referred to a hospital on the same day

Peer navigators/educators accompany patients to appointments and monitor treatment adherence

INTINERARIO DE PERSONA VULNERABLE
